From: MIGUEL ZUBIATE 64662-053
to the Honorable Judge Nathan, I am
writting to you today August 24, 2020 in
regards to my motion and reconsideration
for compassionate release under U.S.C § 3582(c)(1)(A).
I havent received the reponse from the Government
which was due at 5:00 pm August 11, 2020. Your
Honor all I can say is that not much has changed
in Fort Dix Camp where I am currently being held at
since my first motion. On August 18th and 19th
Some people from the region actually Showed up to
Fort Dix Camp, how ever I witnessed some really
disturbing events.

First I witnessed the Counselor
Mr Brinson and C.O M.S Stein were us up (the inmates)
at around 6:00AM screaming and telling us to make
this place look good because they received noticed that
the region was showing up, this was red Flag #1.
I also witnessed a bunch of signs posted about
Social distancing and we suppose to try to keep
distant from each other which is impossible, Red
Flag #2. Mr Brinson and Officer Stein started
to fill up spray bottles with disinfectant
and placing them by the phones, computers
and in the gym, this was the first time

it was done on August 18th 2020 in the morning, we have been on locked down since around March 14th, why does it take till August 18 to provide us with these sanitary supplies, Red Flag #3.

The Most disturbing act I witness this day was the fact that M.R Brinson was instructing certain inmates on what to tell the region if asked a question, what I heard was pure lies, for example he instructed an inmate to say that he constantly disinfect and wipes down phones and computers after every use (pure lies). Another thing I noticed was that the region walked by the unit, how ever they did not ask any inmate about whats going on in this camp. My self as an inmate could not stomach this so I asked the gentleman from the region why doesn't he speak to the inmates instead of just going by what M.R Brinson is telling him, how ever I got brushed off.

In this camp inmates are being mistreated in the mist of this Covid 19 Pandemic, we have no voice and if we try to speak up all we get in return is retaliation in the form of a shake down in which the officers come to our locker throw everything on the floor and

Food or extra clothes we have or even take our legal paper work. Some times they even lose our mail.

Your Honor I have come to the realization that the higher ups have become despot and only worry about reputation, numbers, and not lookin back, so they conceal the truth, which puts my health and life at risk. Your Honor I know it might be difficult to believe what I have been saying, how ever I am not exaggerating one bit. The higher ups in the FBOP have become despot and my health and life is at risk, the only reason I keep writing to you and the Government is because I am playing the courts and the Government have not also become despot. I am asking the courts to look at my situation with out any bias, and look at the valid points brought up in my motion and all the reference cases I provided, I am asking for the courts to let me serve the remainder of my sentence in a safer and much more productive environment. I would still be under 24 hour supervision and have no problem complying to any requirements by the courts, FBOP, or probation department

and I promise not to screw up your
Honor Judge Nathan I am beging you
to Please protect my life and my health
and take me out of the hands of these tyrants
that are running Fort Dix Camp. Thank You Your Honor
Sincerely) MIGUEL ZUBIATE
